

Ryan Waterman, AAP

Senior Payments Consultant

www.wespayadvisors.com

As a Senior Payments Consultant with WesPay Advisors, Ryan Waterman offers over 18 years of experience in operations, vendor and IT management, product and treasury management. During his tenure working in community banks, Ryan facilitated several successful product and core conversion projects, provided oversight of operational and regulatory compliance requirements for deposit and treasury management products, and managed commercial client relationships. Ryan has consulted with WesPay Advisors' clients to launch their ACH origination programs and support the merger of two financial institutions with an analysis of treasury management products, systems and workflows. Ryan serves as the staff liaison for the WesPay Rules Advisory Council and holds the Accredited ACH Professional (AAP) credential.

Select Areas of Expertise:

- Risk Management and Compliance
- Wire Transfer Rules and Regulations
- Launching ACH Origination
- Product Management
- ACH Operations
- Treasury Management

WesPay Advisors delivers tailored consulting and risk management services that enables our clients to advance their development and deployment of electronic payments.
